Nillumbik Shire Council trading as Living & Learning

Take hold of your career!

We can help you share, learn and connect in industries such as childcare, training or home and community care.

A Certificate IV in Training and Assessment enables you to work for TAFE and other organisations delivering training in your field – building trades, hospitality, hairdressing, beauty, forestry, sub-mechanics, business management, nursing and health professions.

Loved it! So glad I did it.

Loved the personal nature of the course.

I grew up in Eltham and have had the opportunity to explore mental and physical health issues through art.

With the facilitation of an arts therapist the program helps to improve self-esteem and positive about anything.

Nothing was too trouble for them when needed assistance or help with anything which made me feel comfortable.
